

ZILZIE

REGIONAL COLLECTION

heart | land | river | hands

Beyond the boundaries of the Zilzie Estate are some of the most prestigious wine regions in Australia, including the Barossa and Coonawarra. Owner Andrew Forbes and Chief Winemaker Jonathan Creek have built long term relationships, partnering with like-minded family growers, and have painstakingly selected small parcels of fruit that showcase the unique terroirs and varietal character of these world-class winegrowing regions.

Barossa is one of the world's great wine regions and led the way in bringing premium Australian wine to the world. The Barossa is characterized by its rolling hills and valleys that are covered in a patchwork of vineyards. There aren't many Australian wines as famous as the Barossa Shiraz.

2018 BAROSSA SHIRAZ

Zilzie are bringing a more contemporary style Shiraz from the Barossa to the world. Brimming with juicy blackberry and cherry flavors, this Shiraz is plush on the palate with great structure and long, fine lingering tannins.

Specially selected parcels of Shiraz from world famous Barossa vineyards were crushed in small batches to maintain freshness and quality. After 14 days fermenting on skins to achieve rich color and flavor concentration, the wine was gently pressed and aged on medium toast French, and tight grained American oak for 12 months.

With its bright fresh fruit and the combination of French and American oak, this wine has well crafted layers of fruit and spice that are perfectly balanced. Ready for enjoyment now or will reward the patience of those willing to wait out a few years of bottle age.
